LAMPIVAARA AMETHYST MINE

The Lampivaara hill, belonging to the Pyhä-Luosto fell chain, is the location for the Amethyst Mine. The route alternatives to choose from include the Ukko-Luosto 2,5 kilometre hiking trail or the slightly more demanding walkway trail starting from the Pyhä-Luosto roadside at Rykimäkero parking lot.

Along the Ukko-Luosto hiking trail there is the Lampivaara Info Trail that has questions that even the younger members of the family can have fun answering. Trail is stroller-friendly. You can check your answers at the Lampivaara Café while savouring fresh baked pastries and refreshing beverages. The café grounds have a campfire spot where you can eat your packed lunches and perhaps fry sausages on the fire.

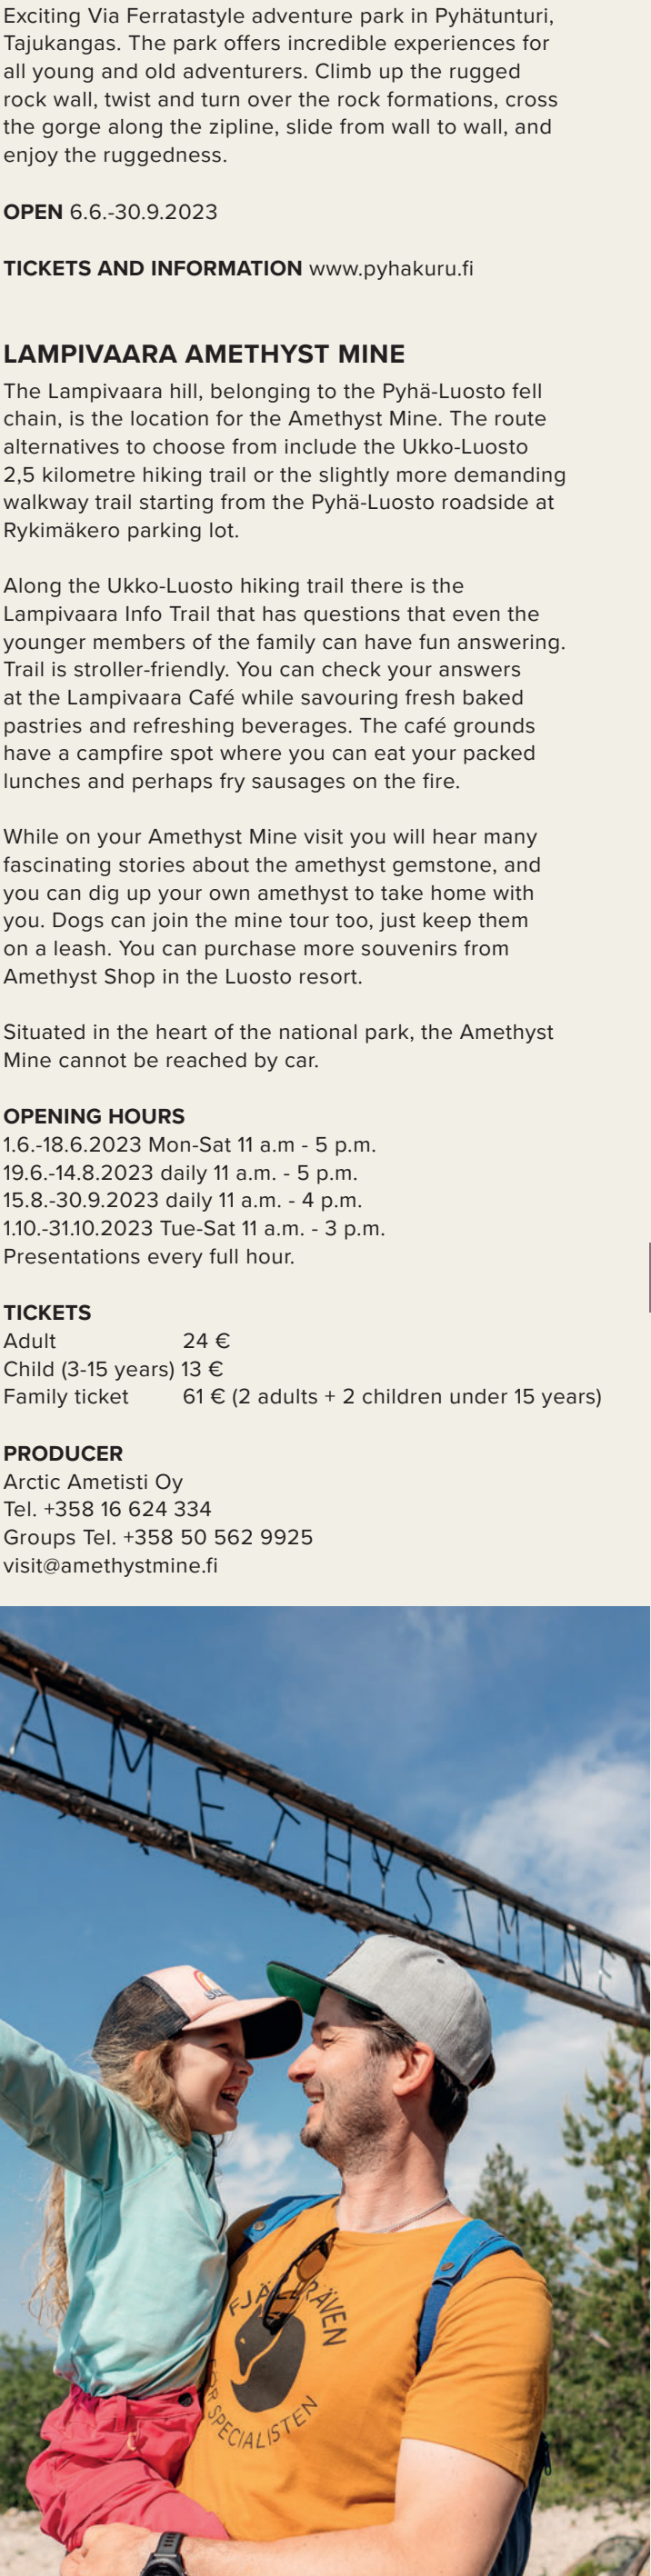

While on your Amethyst Mine visit you will hear many fascinating stories about the amethyst gemstone, and you can dig up your own amethyst to take home with you. Dogs can join the mine tour too, just keep them on a leash. You can purchase more souvenirs from Amethyst Shop in the Luosto resort.

Situated in the heart of the national park, the Amethyst Mine cannot be reached by car.
